

Declaration of Facts

I, _____, authorized representative of the _____ school
(name) (name of school district)
district, testify to the fact that on _____ the school district would be unable to
(date)
replace bus _____, model year _____, without BEEP matching grant
(vehicle identification number)
funds.

Furthermore, bus replacement will not occur through normal attrition of vehicles and equipment. The new bus purchased with BEEP matching grant funds will not expand the school district's fleet.

Lastly, I will ensure that the bus engine selected for replacement is disabled in a way that makes it inoperable, such as drilling a hole in the block. I understand parts may be removed from the bus engine, but the engine itself will not be put in operation in another vehicle. I will supply documentation that the bus engine is permanently disabled, such as a photo, by the time the new bus begins school operations.
